Summary of the Office Action

Claim 10 stands rejected under 35 U.S.C. § 112 as allegedly lacking a sufficient antecedent basis for the limitation in the claim.

Claims 8-11 stand rejected under 35 U.S.C. § 102(b) as allegedly anticipated by U.S. Patent 5,944,496 (Van Haare et al.).

Application No. 10/614,148

Reply to Office Action

Claims 8-15 stand rejected under the judicially created doctrine of obviousness-type double patenting as allegedly being unpatentable over copending Application No. 10/105,758.

Rejection under 35 U.S.C. § 112

Claim 10 is rejected under 35 U.S.C. § 112 as lacking antecedent basis. In response, Applicants have amended claim 10 in a manner that overcomes the rejection. As a consequence, Applicants respectfully request withdrawal of the Section 112 rejection.

Rejection under 35 U.S.C. § 102(b)

Claims 8-11 are rejected under 35 U.S.C. § 102(b) as being anticipated by Van Haare et al.

Claims 8 and 11 are directed to processes for producing electroluminescent devices. The process steps of claim 8 include, among other limitations relevant to patentability, coating said layer comprising an electroluminescent phosphor with a dielectric layer, and coating said dielectric layer with a solution, dispersion or paste comprising a polymer or copolymer of a 3,4-dialkoxothiophene to produce said second conductive layer. The process steps of claim 11 include, among other limitations relevant to patentability, coating said second conductive layer with a dielectric layer and coating said dielectric layer with a layer comprising an electroluminescent phosphor.

In marked contrast, Van Haare et al. fails to disclose the inclusion of a dielectric layer. Moreover, there is no teaching set forth in Van Haare et al. that would motivate one skilled in the art to include such a layer.

Accordingly, Applicants respectfully request that rejection of claims 8-11 be withdrawn.

Rejection under the Judicially Created Doctrine of Obviousness Type Double Patenting

Claims 8-15 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 6, 10 and 13 of copending Application
